.....Cut and return bottom.....

Applications Due Before: 02/16/19 - “WE ASK THAT ALL TUITION MUST BE CURRENT TO TEST”

Late Applications: After 2/20/19 ATC will not be accepting any applications for regular testing or late testing. You will have to belt test at the next testing in May, 2019 this prevents any last minute confusion on custom awards and belts orders. Awards are custom ordered individually for each student, so handing your application on time is extremely important. Only beginner levels 10th-9th-8th keups may be invited to test and register for testing at a later time.

Testing Fees: This fee is to cover space usage, visiting masters fees, breaking materials, awards, patches, uniforms, certificates, belts and staff fees. Belt fees are also based on cost of supplies, uniforms and awards pertaining to each appropriate level and testing time allotted.

Testing Procedures: We ask that parents understand that testing is a process that takes time. Testing is for the benefit of the student and testing can run up two 3 hours which includes motivational lectures, grading of martial art techniques, physical strength, mental strength, reviewing school grades and implementing life skills.: All students should arrive 30 minutes prior to their testing time for warm up. At times testing may be running a little late or seem crowded so do not get upset, please have patience. ATC has an average of 4 belt testing's per year which requires a parent to commit to an average of 8 hours per year. We do ask that parents play a bigger role in their child's martial education and assist at all major events.

Notes: Professional Instructors will make the decision on what belt rank you will be qualified to advance to; this is in the best interest of “**your individualized**” Tae Kwon Do training. We are the experts in the area of martial arts training. You are not required to test, but it is in the best interest of your progression, learning, confidence and self-motivation. The Little Lions program is specially designed to develop leadership abilities and superior martial art skills, and like anything great it takes time to develop the needed skills like self-discipline, self-control, balance and the strength needed for advanced self-defense, kicking and hand techniques. If your child is 6yr old and above a green belt, they are eligible to advance to junior class with your instructor's authorization.

Not Passing The Belt Test: If a students fail the belt examination, we do not embarrass them. They will still receive their new belt, but will be notified privately after the belt ceremony, and the instructor will notify those students about a re-test day. If those students do not re-test (No added-Fee to re-test), they will lose their belt & ranking until they do so. We do not share information about failing with other parents or students.
